WASHINGTON PRESBYTERY.—At the session on Wednesday, at Ballston, Fairfax county, of the Washington Presbytery, with which the 1st Presbyterian Church of this city is connected, the committee on missions, education, ministerial relief, Sabbath school work, temperance, the freedman's colleges and systematic beneficence made encouraging reports of church work, calling attention, however, to still increasing demands for aid to the boards of the church. On the recommendation of the committee on home missions the churches of Lewinsville, Vienna and Clifton were recommended to the board in New York for renewal of their last year's appropriations. The Massachusetts church having referred to the Presbytery the question of giving Mr. J. R. Hornbaker a letter of dismission to another church, was directed to grant the letter to him and to any others similarly situated who might apply for certificates.

DEATH OF MR. M. F. LACKEY.—Mr. M. F. Lackey, of the Sixth Auditor's Office, Treasury Department, and a resident of this city for the past thirty years, died at his residence on Maryland avenue yesterday afternoon. Mr. Lackey has a large number of friends and acquaintances in this community, and though his sickness has continued for the past five months his death was not expected.—Washington Post.

The Alexandria Light Infantry left for Richmond this morning to visit the exposition. This evening Cappa's New York band will render "The Battle of Gettysburg," when the following military companies will fire the salute accompanied by Company F, Alexandria; Monticello Guards, Charlottesville; Frederickburg Greys, and Lynchburg Home Guards.

LOCAL BREVITIES.

"Police row" was played to-day.

The members of the police force will give a ball on the first of November next.

Attention is called to the notice of the Superintendent of Gas published in another column.

The Maryland ferry channel is to-day being surveyed by a party of U. S. surveyors in a sail boat.

The rumor that Mr. H. M. Smith, master machinist of the Midland road, had resigned is denied at the company's office.

There was quite a severe storm about 9 o'clock last night, the wind for a time blowing a gale and the rain falling in torrents.

A red pepper, measuring 12 inches in circumference as well as in length, was sent to this office to-day by Mr. W. W. Dunnington, who said it came from Charles county, Md., where everything good is grown.

No service was held in Trinity Methodist Church last night, as no fire had been made, nor will there be services there to-night.

The repairs to the furnace will be completed in time to warm the church for the Sunday services.

Some of the republican workers have posted notices that they will apply to the registrars to have the names of certain persons who recently registered, and who they claim are not residents of the city, stricken from the books.

There will be a republican meeting at Hamilton to-morrow. Among the speakers will be Col. J. L. Thomas, who is an uncle of Mr. Agnew, the republican candidate for Congress.

MONETARY AND COMMERCIAL

Business during the week has been a little more active. Money matters are quiet. The offerings of U. S. bonds to the Government yesterday aggregated \$6,645,500, including \$5,494,500 of 4 per cent. at 129.50, 128.75, 128.50, 129.12, 129.12, and 129.50, and \$1,151,000 of 4 1/2 per cent. at 108.50, 108.75 and 109. The Secretary of the Treasury accepted \$313,000 of 4 1/2 per cent. at 108.50. The supply of money is reported ample in the northern cities, but throughout the country there is still complaint of a scarcity. The grain market is somewhat feverish, the result of the recent "cornering" in Chicago. Government bonds are steady but dull. State securities are quiet with sales reported in Baltimore yesterday of 10,000 10-40s July 1885 coupon at 39 1/2. Railroad securities are dull generally. B. & O. common selling at 55. Local stocks are very quiet.

New York, Oct. 12.—The stock market was quiet and about steady at the opening this morning, first prices being either unchanged or but slight fractions different from last evening's closing figures. The market was dull throughout the hour, and the transactions were utterly devoid of feature in the general list, while the fluctuations were confined to the smallest fractions and possessed no apparent significance. There were but slight movements in prices, and the dullness became extreme toward the end of the hour, and at 11 o'clock the market was dull and steady at about opening prices. Money easy at 2 1/2%.

Baltimore, Oct. 12.—Virginia consolidated 37 1/2; past-due coupons — do 10-40s 35; do new 3s 6 1/4 bid to-day.

Flour is firm; millers are not disposed to sell any but medium family and low grades at current prices, and complain of the growing scarcity of duty, prime Wheat, suitable for manufacturing choice brands. The Wheat markets show more activity, but there is not a very large volume of business in futures; the receipts of Wheat for several days past have been small, and no increase is expected until after the seeding season; sales to-day, as to condition of the samples, at 100 to 112; none choice; tail ends and damaged lots 80 to 100. Corn is higher at 54 to 58. Rye is firmer 58 to 66. Oats 30 to 33. Eggs are wanted at an advance. Butter 17 to 22. Potatoes are very abundant and hard to move at a decline. Other produce is without change.

CHICAGO, Oct. 12.—Wheat opened about 1/2c higher than it closed yesterday afternoon. The first prices of December were 117 1/2 a 117 3/4, and within two minutes it had advanced to 118 1/2. Then it suddenly turned in the other direction, and slumped off to 116, and at 10 o'clock was quoted at 116 1/2. May followed the same course, opening at 116, advancing to 117 1/2, receding to 114, at which it now stands. Corn and Oats opened steady and unchanged. Pork was 1/2c higher, with January quoted at \$14.50. Lard was unchanged, and January short ribs 2 1/2c higher at \$7 3/4.
